## DÉCOR GUIDE

The Real Yacht, a Morris Yachts M36, truly exceeds expectations when it comes to creature comforts. The below deck design features soft gray with pops of nautical navy fabrics for a look that is as sophisticated and luxurious as it is durable. Designer Kate Gable Seremeth connects the gray of the below deck upholstery with the above deck by using a unique fabric for the dodger, which features flecks of blue on a grey background.

If you've fallen in love with a fabric shown here, find it near you by visiting [Sunbrella.com/buy](http://Sunbrella.com/buy). Richard Frinier fabrics listed below may be sourced by an interior designer through Pindler.
