DÉCOR GUIDE

The Rhode Yacht, named after its home state of Rhode Island, brings style and durability together where they're needed most: on a road trip. Using Sunbrella fabrics to remake the 1977 Airstream Argosy's interior and exterior means that the Rhode Yacht can have fun, vibrant colors, but no worries about cleaning spills that are bound to occur during visits to sailing events and festivals.

If you've fallen in love with a Sunbrella fabric shown here, find it in your area by visiting [Sunbrella.com/buy](https://www.sunbrella.com/buy) to connect with retailers and fabricators who can help you bring your décor projects to life.
